Introducing KDB... your neighborhood Kitchen, Den and Bar. KDB is simply our home and an extension of yours!

A place where our neighbors can experience great food and drinks, expect good old-fashioned, friendly guest service and just hang out to play games in our enormous, immersive Den!

While our home may be quite a bit larger than a typical home in the neighborhood and has a few more amenities, it has all the warmth and convenience of your home; and guess what? You don't have to clean up before you leave!!!

Just like most homes, KDB has something for everyone, be it families, teens, professionals or active adults. Best of all it's located right here in Easton Town Center. The venue was designed with separate, but visually attached, rooms to afford our guests an overall integrated experience with visuals that tease them into anticipating their next exciting activity.
